

Rudrastra - The Origin of Light

This is the model of a mystical, divine and ancient weapon that has been created by Nature itself to defeat the strongest of evils. It has a **Crystal Ball** that siphons the evilness and converts it into good energy which can be unleashed using **its platinum blades**. Being made out of the hardest metals-**Gold and Platinum** which has been strengthened by Time, it is nearly indestructible and can defeat all evils.

This legendary weapon has remained dormant for millennia in the depths of the ocean waiting for the rightful owner to claim it. Legend says that when the universe will be immersed into evil and unrighteous minds would torture the weaklings, when trust on the Creator will die out, Nature will instill all its positivity to create the saviour who would yeild the **Rudrastra** and destroy evil to mark a new beginning. It is said all weapons including the Excalibur, The Sudarshan, The Brahmashira, The Trishul, The Bajra, The Shield of El Cid, The Flaming Sword etc. have gained their powers from the **Rudrastra** which is a Symbol of Energy itself. The Astra's power is judged by its yielder. The more worth and skillful the yielder is the more devastating and powerful the Astra becomes. A symbol of absolute power, the bajrastra is here guys. Behold this marvel!!
